*We know that advocacy begins with education. Educated families are better equipped to not only speak to professionals and decision-makers, but aim for healthy choices for their families as well.*

## **EDUCATIONAL SPEAKERS SERIES**

**Join us for any of our free online webinar events, or schedule one for your own audience.**

### **My Child is Using Marijuana: Should I Worry? August 16, 2022, 2 PM EST**

Aubree Adams will share her story and how it led her to be a host mom for youth in recovery. She will alert parents on how to recognize the signs of marijuana use, or of any destructive behavior, in their children and offer practical, time-tested skills on how to find support, effective responses, and solutions. The webinar is good for parents and family members. [Register here](#)

### **How An Impaired Driver Changed My Life Forever August 18, 2022, 2 PM EST**

Hear Corinne LaMarca's story of loss and the journey from heartbreak to advocacy. Impaired driving is a devastating danger on our roads today, and is only increasing. This is a problem plaguing our roadways, resulting in avoidable tragedies. This webinar is a good choice for parents, youth, and young adults. [Register here](#)

### **Marijuana Impacts on a Community August 23, 2022, 2 PM EST**

Hear a real-life story about how the legalization of marijuana changed a family and community. Learn the connection between marijuana, suicide, and violence and receive educational materials to help advocate to decrease use. This webinar is good for anyone who supports or wants to improve the health and safety of their communities. [Register here](#)

### **Does Marijuana Impair Our Ability to Drive Safely? August 25, 2022, 2 PM EST**

How does today's marijuana affect our ability to safely drive? Does potency matter? Does length of use play a factor? Is there a difference between how edibles and smoked marijuana affect us? How long am I impaired after I use? Do I have to use that day to be impaired? You will learn how marijuana use affects driving from a scientific standpoint and lived experience, and leave with good information to speak with your kids on this very important issue. This webinar is a good choice for parents, youth, and young adults. [Register here](#)

### **Strategies for Effective Advocacy August 30, 2022, 2 PM EST**

Sharing your personal experiences to effect change as an advocate can be rewarding and impactful as well as terrifying and ineffective. Learn strategies for advocating on behalf of your own family and preparing to use your voice to advocate for others through community advocacy. Relaying your message in a way that gets heard by your audience means being strategic about what you share and purposeful in how you engage with decision makers. Join Heidi Rochon, Director of Parent Action Network to learn strategies to put your passion to work for you, not against you.
